SECTION II - PROJECT DESCRIPTION

4) **Please describe the purpose and intent of the grant.**

At Vintage STEM Magnet Elementary School, safety has and always will be our top priority. After careful observation in monitoring the activity in and around our campus neighborhood, we have placed an emphasis on the importance of a mesh security screen covering for our school's perimeter fence to block out unsafe activity and create a safer campus for our K - 5th grade population. The total cost of materials, including the mesh fence covering and installation materials will be \$24,250. Council member John Lee will provide \$10,000 from a trust fund and we would like to request anything upward of \$14,250 to cover the remaining costs. +

5) **How will this grant be used to primarily support or serve a public purpose and benefit the public at-large.**
(Grants cannot be used as rewards or prizes for individuals)

We are continually dealing with adults who make attempts to interact with the students, such as vagrants and homeless who frequent the sidewalk along Haskell some even living in their parked cars, neighbors who make racist comments to our students while they are on the yard or arriving to school, and even family members trying to talk to students on the other side of the fence. As a magnet school, we have students from the San Fernando Valley surrounding areas, including Mission Hills, North Hills, Granada Hills, and Sylmar, who attend our school. Many parents would rather bring their child to Vintage, rather than have their child attend their neighborhood school. We see how important it is to not only improve the aesthetics of the surrounding neighborhoods, but to show emphasis on the importance of safety for our children.

Funding Request: NVCS Year-End Community Celebration Series

North Valley Caring Services (NVCS) is a nonprofit community center located in North Hills, California, dedicated to serving low-income and homeless individuals and families across the San Fernando Valley. Founded in 1996 as an official nonprofit—though its roots date back to 1978, when founder Verna Porter began a community breakfast program—NVCS has grown into one of the largest and most comprehensive service providers in the area.

Over the decades, NVCS has expanded from offering meals to delivering a wide range of programs that address food insecurity, homelessness, education, and community wellness. Its Feeding Programs include a weekly food pantry, hot meal service, and meal distribution to homeless individuals, families in motels, and underserved youth. The Breakfast and Shower Program offers hot meals, showers, and hygiene items to unhoused guests.

North Valley Caring Services (NVCS) is requesting support for our 2025 Year-End Community Celebration Series, a trio of high-impact events that serve low-income and unhoused families living in underserved areas of Los Angeles. Recognizing that many of our donors prefer to give once annually, we have bundled these events into a single seasonal initiative that delivers wide-reaching benefits across the final quarter of the year.

These events bring dignity, joy, and essential resources to families and individuals facing poverty, housing insecurity, and isolation—at a time of year when support matters most.

Event Descriptions & Impact:

1. Harvest Festival – October

Held in a high-density, low-income neighborhood, this free event provides a safe alternative to trick-or-treating with pony rides, petting zoos, scare zones, games, and costumes. Families engage with local resource providers and enjoy a rare moment of seasonal celebration.

2. Thanksgiving Celebration – November

Through our homeless breakfast program and drive-thru food pantry, NVCS serves Thanksgiving meals to unhoused individuals and distributes turkeys and holiday food boxes to hundreds of families.

3. Holiday Celebration – December

Santa visits families living in motels and low income communities, delivering toys, treats, and joy. Our pantry-based event features holiday music, a Santa stage, gifts, carolers, and a resource fair offering critical services.

We respectfully request \$5,000 to support the full celebration series. Funding will be used for:

- Entertainment & Activities: Performers, petting zoo, pony rides, games
- Food & Supplies: Seasonal meals, snacks, drinks
- Gift Items: Toys, books, and holiday giveaways
- Event Materials: Tents, tables, signage, safety items
- Resource Fair Logistics: Partner support, printing, translation

Your one-time annual gift will bring comfort, connection, and joy to thousands of children and families who otherwise would not experience these seasonal traditions. Thank you for considering support for this meaningful and impactful community initiative.

Dear Taxpayer:

This is in response to your request of Jan. 30, 2014, regarding the tax-exempt status of North Valley Caring Services.

Our records indicate that a determination letter was issued in February 1996, granting this organization exemption from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

Our records also indicate this organization is not a private foundation within the meaning of section 509(a) of the Code because it is described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to this organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to the organization or for its use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

If you have any questions, please call us at the telephone number shown above.

Office of the City Clerk
Neighborhood Council Funding Program

Neighborhood Purposes Grants

Neighborhood Purposes Grants (NPGs) provide NCs opportunities to develop partnerships with local 501(c)(3) nonprofits and public schools to build community and enhance neighborhoods in the City of Los Angeles. Projects and activities supported by NPGs vary widely and can include, but are not limited to:

- The Arts
- Beautification
- Community Support
- Education
- Community Improvements

NPG-funded projects and activities must be for a **public benefit** and purpose, **open**, **accessible**, and **free of charge** to stakeholders.

Grants approved by NCs exceeding \$5,000 involve further review and possible City contract by the Office of the City Clerk.

Visit the NC Funding Program website page on NPGs ([click here](#)) to find out more details about how 501(c)(3) nonprofits and public schools serving NC areas can apply. There are two NPG Information Packets; One for prospective applicants to help guide them in the application process, and one for NC board members outlining considerations and factors to keep in mind while evaluating NPG requests.

A "Project Completion Report" template is also provided to help ensure accountability in the use of Grant funds and help demonstrate how NCs and their partners are supporting L.A. communities and stakeholders. NCs and NPG recipients are strongly encouraged to work together to complete and submit the Report at the conclusion of the project.

Any questions you may have with the NPG process, please contact us at the NC Funding Program:

SECTION II - PROJECT DESCRIPTION

- 4) **Please describe the purpose and intent of the grant.**

The purpose of applying for grant funding for our FIRST Tech Challenge (FTC) robotics team is to support and expand opportunities for students to engage in hands-on, project-based STEM education. STEM initiatives, like FTC, provide students with valuable real-world problem-solving skills, foster creativity, while encouraging teamwork, leadership, and gracious professionalism. Through these experiences, students gain not only technical knowledge but also critical thinking and collaboration skills that will serve them well in future academic and career pursuits. The goal is to inspire the next generation of innovators and equip them with the tools to succeed in an increasingly technology-driven world.

- 5) **How will this grant be used to primarily support or serve a public purpose and benefit the public at-large. (Grants cannot be used as rewards or prizes for individuals)**

We are requesting these funds for purchasing robot parts for the construction of our two FIRST Tech Challenge competition robots (for our 30+ team members), new 3-D printers to speed up prototyping and optimization of mechanisms, FTC field elements for the 25-26 competition season, and FIRST Lego League kits to provide resources and mentorship to local elementary school robotics teams in support of STEM education and engagement. This year, our team has participated in a number of outreach opportunities including being a featured presenter at the annual Dearborn Elementary Charter Academy's STEAM night, hosting the VAAS STEAM night, and running a booth at the LAUSD Region North STEAM Fest held at the Discovery Cube. Additionally, our student members volunteered at the Holmes annual VEX competition, mentored students at Andasol Elementary School to provide ongoing support to their VEX IQ robotics team, and promoted STEM excitement through our social media Instagram account. If we receive this NPG funding, we will seek to continue mentoring Andasol, and expand our impact/mentorship to other nearby elementary schools (Granada Elementary, and Mayall Elementary).
