**CITY OF LOS ANGELES,
GRANADA HILLS SOUTH NEIGHBORHOOD COUNCIL**

Call to order by PLUC Chair Eric Mansker @ 7:15 pm

Roll Call: In attendance; Jerry Askew, Brad Smith Jim Summers

Stakeholder: Maria Fisk

Absent: Bob Stevens

We had a quorum

We discussed the Community/Specific Plan amendments and any changes made by CD-12; it was decided that I should send a email to Anna Vidal and Greg Smith's office and request a six (6) month update in writing, on the status of the Community/Specific Plan amendments and to also include updates on the Residential Floor Area District. Having said that, we felt we should request that we Ms Vidal and Councilman Smith be invite to one of our upcoming meetings to address these issues before the entire council.

This was originally a motion but after so thought I determined that this was an internal committee matter; we want the updates in writing first if possible, after which we will request that they address the council.

Jim Summers gave an update on the Kohl's matter.

Motion by Brad Smith: 2nd by Jerry Askew

That the GHSNC send a letter of Support to the North Valley Area Planning Commission in support of the New Group Homes Ordinance. Motion passed unanimously.
